

ENSU 1000: LEADERSHIP IN ENVIRONMENTAL SUSTAINABILITY

Verification Form

Category F – Course Related Work

Name: Emma Trotta

Points Earned: 1

Please check the category that applies to you:

- Create or write a paper, poster, or project for a class (1 point)
- Present within TRU (3 points)
- Present or publish a paper, poster, or project outside of TRU (5 points)

TO VERIFY: Please attach a copy of your coursework and write a reflective paragraph of your coursework and how it relates to environmental sustainability in your e-Portfolio. If you presented your work, please complete the section below.

Location of Presentation: Thompson Rivers University

Summary of the Presentation:

In the course CHEM 3010- Aqueous Chemistry, we explored the relation different chemicals can have on an ecosystem. In this course we created a hypothetical scenario based on real-world experiences where a toxic chemical spilled into a lake. This project has given me experience working on problems that environmental chemist would need to know to help make informed decisions on how to better the environmental and keep people safe.

Dates/Duration of Presentation: October-November 2025

Verification by Third Party Individual:

Name: Dr. Lindsay Blackstock (Taught CHEM3010 Fall 2025)

Title: Assistant Teaching Professor, Chemistry

Phone Number: 1-250-828-5219 (Teams)

Email: lblackstock@tru.ca

I hereby certify that the information provided above by **Emma Trotta** is accurate and worthy of consideration for the Certificate of Leadership in Environmental Sustainability at TRU.
